

ATTENTION TROY TOWNSHIP PROPERTY OWNERS

As a part of our services to our residents, the Township attempts to maintain the safety of our roads by keeping them free of debris and accumulation of water and snow. This requires us to maintain the ditches along the Township roads to assure proper drainage during periods of rain or snow. We ask your cooperation in maintaining our ditches by keeping the area within eight feet of the center of the ditch free of any crops, gardens, or other vegetation to allow a clear path for the Troy Township Maintenance Department to keep them mowed.

**PLEASE TAKE NOTICE**

IN ORDER TO PROMOTE EFFICIENT DISBURSEMENT OF WATER FROM OUR ROADS AND AVOID ACCUMULATION AND FLOODING, ALL GARDENS, CROPS, OR OTHER VEGETATION WITHIN EIGHT FEET OF THE CENTER LINE OF ALL DITCHES WITHIN THE TROY TOWNSHIP LIMITS WILL BE PERIODICALLY MOWED OR OTHERWISE CLEARED BY THE TOWNSHIP ROAD MAINTENANCE CREW DURING THE SPRING, SUMMER, AND AUTUMN GROWING SEASON EACH YEAR.
