FOR IMMEDIATE RELEASE

DELAWARE COUNTY, OHIO—The Delaware County Commissioners recently passed a resolution recommending the following county, township and community members serve as representatives to the Delaware County Local Emergency Planning Committee (LEPC). The State Emergency Response Commission gives final approval, but depends on the local LEPC and County Board of Commission for all recommendations.

The LEPC was established in 1988 to coordinate disaster preparedness and response and meets quarterly for planning and review. Delaware County appreciates the service of the following individuals and organizations as we consistently monitor our ability to respond to disaster situations:
